

Science Communication for presentations and publications

Session type: Hands-on activity or formal training workshop, TBD

POC: Sue Kemp (skemp@usgs.gov) (and open to other organizers - contact cdi@usgs.gov)

Description:

We are looking into activities to help with science communication:

- how to make your message into a story
- tips and practice for presentations
- new publication tools to help incorporate code and visualizations into your articles

Comment if you have specific ideas on this topic or would like to help, or recommend an instructor.
