Join from PC, Mac, Linux, iOS or Android: <https://zoom.us/j/696628840>

Or iPhone one-tap :

US: +16699006833,,696628840# or +14087403766,,696628840#

Or Telephone:

Dial(for higher quality, dial a number based on your current location):

US: +1 669 900 6833 or +1 408 740 3766 or +1 646 876 9923

Meeting ID: 696 628 840

Note that we have switched from GSTalk to Zoom for the time being, due to a number of usability/compatibility issues with the GSTalk platform.

Description: A community for USGS software developers and other interested parties to discuss software release protocols and policies, development best practices, software metadata, and software libraries, packages, and tools.

Points Of Contact: Cassandra Ladino, ccladino@usgs.gov, and Michelle Guy, mguy@usgs.gov, Jeremy Newson, jknewson@usgs.gov

To join, email cdi@usgs.gov.

Software Dev Chat on MS Teams Chat

Join the conversation and stay informed in the Software Development MS Teams channel at [this link](#). Log in with your active directory credentials. (Note: New employees on-boarded on or after about August 1, 2019 may not have access to MS Teams until the start of FY2020).

Software Management Website

Much of the discussion related to Software Dev Cluster's interests can be found at the [USGS Software Management Website](#).
