Mapping Challenges

New to The National Map Corps? Head over [here](https://www.usgs.gov/core-science-systems/ngp/tnm-corp) for an overview of the project.

Mapping Challenges will be released periodically and are a way to focus volunteers on areas that need editing. The challenge is to edit the red points if you are Standard Editor and to Peer Review the green points within the challenge area released. Make sure to look for missing points too! Advanced Editors can edit any of the points within the challenge area.

Volunteers who contribute in the Challenge area will be recognized on this page and also tweeted on The National Map Twitter account. Contribute to The National Map by participating in Mapping Challenges!

---

**NOTICE!! Mapping Challenges have moved!**

**12/12/19 ****************************

**NOTICE TO OUR VOLUNTEERS!! Mapping Challenges have moved!**

Please note that Mapping Challenge updates will no longer be posted on this website. For the most recent information, visit our new website at [https://www.usgs.gov/core-science-systems/ngp/tnm-corps](https://www.usgs.gov/core-science-systems/ngp/tnm-corps).

Mapping Challenge updates will appear either in the News section or on a designated Mapping Challenges page:

Reach out to us at nationalmapcorps@usgs.gov with questions. Thanks for all that you do, and Happy Mapping!
