

Weeds Across Borders

Weeds Across Borders, now called the North American Invasive Species Forum, is a biennial trilateral meeting initiated by former members of FICMNEW in 2002, along with our neighbors in Canada and Mexico, to create a forum for sharing information about the management of invasive plants.

Not all of the proceedings from these meetings are available online, but we have accumulated several.

2002 Tucson, Arizona, USA (print version only; available commercially [online](#) from AbeBooks. Also, Google Books [link](#).)

2004 Minneapolis, Minnesota, USA

[2006](#) Hermosillo, Sonora, Mexico (partial document only)

[2008](#) Banff, Alberta, Canada (5.8MB)

[2010](#) Shepherdstown, West Virginia, USA

2012 Cancun, Mexico ([Proceedings](#) 10MB - [Final Report](#) 0.5MB)

2014 Ottawa, Canada ([Recommendations](#) - [Agenda](#))

[2017](#) North American Invasive Species Forum (all taxa) Savannah, Georgia, USA (agenda with links to presentations)
