

Symposium - Targeting the Triple Threat” on May 30th

The Southern Rockies Fire Science Network and Bayer will be hosting an invasive annual grass symposium entitled “[Targeting the Triple Threat](#)” on May 30th, followed by a field tour on the 31st. There is the option to attend in person (CSU Morgan Library) or else the symposium will also be broadcast online for those who cannot attend in person or are out of state. There is also 5 approved SRM and 8 Society of American Foresters continuing education credits.
