Welcome to the document sharing site for the 3D Nation Requirements and Benefits Study.

The 3D Nation Study will document topographic, coastal, & bathymetric 3D elevation data requirements and benefits across a multitude of geographies.

Mapping a 3D Nation from the tops of the mountains, to the depths of the seas, to include our inland rivers and lakes.

July 21, 2020 Update for State Government Track

We are pleased to announce that the 3D Nation Requirements and Benefits Study is now in the Final Appendix Review Phase.

Please contact your State Champion, or your USGS-NOAA state liaison team if you have questions about the next steps or if you have anything you would like to add to your response.

If you have any questions check out the Help / Ask A Question Page or contact the team at 3dnationstudy@usgs.gov, or your Federal POC, your State Champion, or your USGS-NOAA state liaison team.

November 20, 2020 Update for Federal Government Track

We are pleased to announce that the 3D Nation Requirements and Benefits Study is now in the Final Appendix Review Phase.

Please contact your Federal POC if you have questions about the next steps or if you have anything you would like to add to your response.

If you have any questions check out the Help / Ask A Question Page or contact the team at 3dnationstudy@usgs.gov, or your Federal POC.
