

UsabilityMonthlyMeeting 2021_02_03

Agenda:

- Discuss the following topics and share with you the experience that other organizations in the Earth Science domain have had with these areas.
 - What do your users think of your product?
 - What are all the ways in which UX testing can better support your products and mission?
 - Which is the most important issue that UX testing could help you with?

Presentation(s):

- Please use [this link for the slides archived on the wiki](#)

Recording: [210203-usability.mp4](#)
