

2017 Proposals

Fiscal Year (FY) 2017 Community for Data Integration (CDI) Request for Proposals (RFP)

Announcements

March 8, 2017: **The CDI FY2017 Request for Proposals is now Closed. Thank you to everyone who participated in FY17!**

Dec 5, 2016: Visit the [CDI FY17 RFP Forms](#) page to download the budget and data management plan templates for Phase 2.

Nov 29, 2016: [21 Statements of Interest](#) were chosen to move to Phase 2.

Contact cdi@usgs.gov for more information about the request for proposal process.

FY17 Awarded Projects

Title	PI Name	Organization
An Interactive Web-based Application for Earthquake-triggered Ground Failure Inventories	Allstadt, Kate	USGS Geologic Hazards Science Center
Automating the use of citizen scientists biodiversity surveys in iNaturalist to facilitate early detection of species responses to climate change	Boydston, Erin	San Diego Field Station, WERC
Flocks of a feather dock together: Using Docker and HTCondor to link high-throughput computing across the USGS	Erickson, Richard	Upper Midwest Environmental Sciences Center
USGS Data at Risk: Expanding Legacy Data Inventory and Preservation Strategies	Everette, Anthony	Fort Collins Science Center
Exploring the USGS Science Data Life Cycle in the Cloud	Golden, Nadine	Pacific Coastal and Marine Science Center
Empowering decision-makers: A dynamic web interface for running Bayesian networks	Lentz, Erika	Woods Hole Coastal and Marine Science Center
Web Mapping Application for a Historical Geologic Field Photo Collection	Nagorsen, Sarah	Science Publishing Network
Visualizing community exposure and evacuation potential to tsunami hazards using an interactive Tableau dashboard	Peters, Jeff	Western Geographic Science Center
Developing APIs to support enterprise level monitoring using existing tools	Reichert, Brian	Fort Collins Science Center
Extending ScienceCache Mobile Application for Data Collection to Accommodate Broader Use within USGS	Wiltermuth, Mark	Northern Prairie Wildlife Research Center
Evaluation and testing of standardized forest vegetation metrics derived from lidar data	Young, John	Aquatic Ecology Branch, LSC

Key Dates

September 14, 2016	RFP Announcement
September 29 @ 4 pm ET	RFP Information Session
October 14 @ 5 pm ET	Statements of Interest (SOI) Due
November 9 @ 11 am ET	SOI Voting – Closing Session
November 29	Invite Full Proposal Submissions
Jan. 20, 2017 @ 5 pm ET	Full Proposals Due
Jan. – Feb. 2017	Full Proposal Review Panel

March 8, 2017	Awarded Projects Announced
---------------	----------------------------

Additional Information

- [Statement of Interest Voting and Review Panel Information](#)
- [CDI Request for Proposals FAQ](#)
- [Description of Selected USGS Funding Opportunities as compared to the CDI RFP](#)

The CDI 2017 Request for Proposals (RFP) was in the community voting phase from October 19 - November 9, 2016.

- [View the voting instructions](#)
- Vote and comment at the [Statement of Interest Voting site](#)

The [CDI RFP Guidance Document](#) gave detailed proposal requirements.

An information session was held on Thursday, September 29 at 4:00pm ET.

★ **Presentation:** [\[pptx slides\]](#) | [\[mp4 recording\]](#) | [\[arf recording\]](#) | [\[Download ARF player\]](#) (the player from the USGS WebEx site is recommended)

Statements of Interest (SOIs) were due Friday, October 14, 2016 by 5:00pm ET.

Collaboration Forum

One of the ways to improve your CDI Statement of Interest and final proposal is to have cross-Mission Area and cross-Center collaboration. If you have an idea for a CDI proposal but are looking for collaborators in other disciplines or centers to join you, post your idea and contact information on the collaboration forum. By posting your idea there, CDI Coordinators can help facilitate connections.
