Artificial Intelligence/Machine Learning

Description: A group to share information related to Artificial Intelligence and Machine Learning.

Points Of Contact: JC Nelson (jcnelson@usgs.gov), Pete Doucette (pdoucette@usgs.gov)

Meetings: 2nd Tuesdays of the month from 3-4pm ET

To join: Add your email to https://listserv.usgs.gov/mailman/listinfo/cdi-aiml

Go to: ***Meeting Notes Forum***

NEW *USGS AI/ML Inventory*

Please share the inventory link with anyone in USGS that is working on an AI related project. The CDI AI/ML working group will be sharing this information with the 21st Century Science /EarthMap working group, as well as with the Regions and Mission Areas. For the initial inventory of projects, see FY19 AI/ML Inventory Spreadsheet.

Purpose

The purpose of the group is to discover and share AI/ML work being done at the USGS, offer learning opportunities, learn what needs exist across the bureau, and create connections between USGS employees.

Using the themes generate during the Nov CDI call here is a word cloud highlighting people's interests in AI/ML

Meeting Schedule

Next meeting, Feb 8, 2022

Title: **TBD**

Announcements

Dec 3, 2020 President Donald J. Trump Signs Executive Order on Promoting the Use of Trustworthy Artificial Intelligence in the Federal Government

ML Mondays (Fall 2020 course) materials
