

FY18 RFP Collaboration Forum

How to use this forum

One of the ways to improve your CDI Statement of Interest and final proposal is to have cross-Mission Area and cross-Center collaboration. If you have an idea for a CDI proposal but are looking for collaborators in other disciplines or centers to join you, post your idea and contact information here. By posting your idea here, CDI Coordinators can help facilitate connections. See last year's [FY17 RFP Collaboration Forum](#) for examples of what to post.

You must be logged in to the wiki and a member of cdi to post an idea or comment. Email cdi@usgs.gov to get permission to post.
