

# FY16 Phase II: Full Proposals

## FY16 Awarded Projects

Title	PI Name	Organization
<a href="#">Developing a USGS Legacy Data Inventory to Preserve and Release Historical USGS Data</a>	Faundee n, J.	Earth Resources Observation and Science Center
<a href="#">Crowd-Sourced Earthquake Detections Integrated into Seismic Processing</a>	Guy, M.	Geologic Hazards Team
<a href="#">Integration of Phenological Forecast Maps for Assessment of Biodiversity: An Enterprise Workflow</a>	Weltzin, J.	National Phenology Network
<a href="#">Evaluating a new opensource, standardsbased framework for web portal development in the geosciences</a>	Signell, R.	Woods Hole Coastal & Marine Science Center
<a href="#">Hunting Invasive Species with HTCondor: High Throughput Computing for Big Data and Next Generation Sequencing</a>	McCalla, S.G.	Upper Midwest Env. Sciences Center
<a href="#">Development of Recommended Practices and Workflow for Publishing Digital Data through ScienceBase for Dynamic Visualization</a>	Chase, K.	Montana Water Science Center
<a href="#">Facilitating the USGS Scientific Data Management Foundation by integrating the process into current scientific workflow systems</a>	Talbert, C.	Fort Collins Science Center
<a href="#">A data management and visualization framework for community vulnerability to hazards</a>	Jones, J.	Western Geographic Science Center
<a href="#">Data Management Training Clearinghouse</a>	Nelson, J.	Upper Midwest Environmental Sciences Center
<a href="#">National Stream Summarization: Standardizing Stream-Landscape Summaries</a>	Wieferic h, D.	CSASL
<a href="#">Integration of National Soil and Wetland Datasets: A Toolkit for Reproducible Calculation and Quality Assessment of Imputed Wetland Soil Properties</a>	Sundquist, E.	Branch of Regional Research
<a href="#">A web-based application for the management and visualization of land-use scenario data</a>	Sherba, J.	Western Geologic Science Center
<a href="#">Birds and the Bakken: Integration of oil well, land cover, and species distribution data to inform conservation in areas of energy development</a>	Preston, T.	Northern Rocky Mountain SC
