

2013 Proposals

Fiscal Year (FY) 2013 Community for Data Integration (CDI) Request for Proposals (RFP)

Proposals Announced for FY13 Funding

At the February 13, 2013 CDI Monthly Meeting, Kevin Gallagher announced 7 proposals that will be funded in FY13.

At the August 14, 2013 CDI Webinar Series, Kevin Gallagher announced an additional 3 proposals that will also be funded.

	Title	Pls	Collaborators	Deliverables
1	Metadata Wizard	Drew Ignizio – FORT Colin Talbert – FORT Mike O'Donnell FORT	Aaron Freeman - FORT	Improve metadata creation efficiency for GIS users
2	myScience: Citizen Science	Sally Holl - Texas Water SC Megan Hines - UW-Madison	Deanna Terry, John Gordon, Justin Robertson - TX Water SC; Scott Horvath, Liz Colvard – OCAP; Tim Kern – FORT; Sky Bristol – CSAS	Develop USGS wide Citizen Science project inventory
3	Land Use Land Cover GDP	David Blodgett – CIDA Meredith Warren - CIDA	Thomas Kunicki, Jordan Walker - WI Water SC; Jennifer LaVista – OCAP; Philip Morefield – EPA; Jamie Collazo – NC State Univ.; Lauren Hay – NRP; Gary Rowe - Water/NAWQA; Tom Sohre – EROS; Emily Fort – NCCWSC	Integrate US/Global LULC data into GeoDataPortal (GDP)
4	California Climate Commons	Lorraine Flint - CA Water SC David Blodgett - CIDA	Jordan Walker - WI Water/CIDA; Michael Fitzgibbon, Deanne DiPietro, Zhahai Stewart, Doug Moody - PRBO Conservation Science; Stuart Weiss - Creekside Center for Earth Obs.	Develop methodology to provide access to isolated, high value, large climate data using GDP
5	NLCD Visualization Tool	Collin Homer - EROS Christopher Barnes - EROS	Joyce Fry, Jon Dewitz, Richard Vandersnick, Wyatt Anderson – EROS; Nate Herold, Brian Hadley - NOAA Coastal Services Center	Facilitate access to and visualization of NLCD data without GIS software
6	Data Management Workshops	Viv Hutchison - CSAS	Heather Henkel - St. Petersburg C&M SC; Lisa Zolly, Michelle Chang – CSAS; Tom Burley - Texas Water SC; Tom Chatfield – BLM; Carly Strasser - Cal Digital Library; Robert Cook - Oak Ridge National Lab	Bureau wide training using existing CDI DM toolbox
7	Mining USGS Data Landscape	Lance Everette - FORT Susan Skagen - FORT	FORT Web Application Development Team	Develop tool to maintain USGS data assets
8	Extraction of Mine Features *addendum	Greg Fernette – Central Minerals and Environmental Resources SC Peter Schweitzer – Eastern MERSC	Carma San Juan - CMERSC James Burt – U. of Wisconsin-Madison Greg Lee - CMERSC	Automate extraction of mine features from historical topo maps to create digital dataset
9	USGS Protocol Library	Dan Sullivan - WI Water SC Jacque Schei – PNAMP Kathy Schoephoester – CIDA	Cheryl Buchwald – WI Water SC Mary Bucknell – CIDA	Develop common framework for protocol information (NEMI)
10	Evaluation of downscaled Global Climate Models *addendum	Andy Bock – CO Water SC Lauren Hay & Steve Markstrom – National Research Program	Gail Montgomery & Tim Kern - FORT Roland Viger & Gregory McCabe – NRP	Develop methodology and data products for enhancing monthly water balance model

Proposal Review Process
