

# Bayer Webinar: Restoring Invasive Annual Grass-Dominated Rangeland for the Long Haul with Rejuvra Herbicide, Friday April 29, 11AM ET

Wednesday, April 20

The overall intent of this workshop is to provide key stewardship recommendations for Rejuvra before the upcoming season, and hear about some of the larger scale collaborative invasive grass programs in the west such as Boulder and Sublette counties. The registration link is below for anyone who would like to join.

## **You're invited to our herbicide workshop: *Restoring Invasive Annual Grass-Dominated Rangeland for the Long Haul with Rejuvra Herbicide!***

As you gear up for the 2022 season, join Bayer and Derek Sebastian on **Friday, April 29 at 9 - 10:30 a.m. MT** for this informational workshop designed to answer many of your Rejuvra-related questions. Topics to be covered:

- key application recommendations
- stewardship recommendations
- operational learnings
- and return on investment for livestock producers

Sign up for the free workshop now to learn more about restoring range for the long haul. Hope to see you there!
